**\*NOTE:**

*Please be aware that a mistake (made during card checking) was brought to our attention at the conclusion of presentations involving the 65 and over age group. Rodney Barltrop's card had been entered into the system **incorrectly** and consequently was re-entered without the errors. The executive discussed this matter at length with Rodney. He did not wish for there to be any additional presentation made to him, other than requiring the correct scores to be entered. We do apologise for this error made, and thank Rodney for his graciousness.*
